☐ Cleared for all sports without restriction

☐ Cleared for all sports without restriction with recommendations for further evaluation or treatment for _____

☐ Not cleared: ☐ Pending further evaluation Reason _____
☐ For any sports Recommendations _____
☐ For certain sports

I have examined the above-named student and completed the pre participation physical evaluation. The athlete does not present apparent clinical contradictions to practice and participate in the sport(s) as outlined above. A copy of the physical exam is on record in my office and can be made available to the school at the request of the parents. If conditions arise after that athlete has been cleared for participation, the physician may rescind the clearance until the problem is resolved and the potential consequences are completely explained to the athlete (and parents/guardians).
